#### **Authority and Reference**

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

#### **Informative Digest/Policy Statement Overview**

At the October 26, 2016 meeting, the Commission approved proposed an amendment to POST Regulation 1006 to amend the regulatory language to reflect current practice with respect to evaluation of Regulation 1006, and to ensure the regulation interpretation is consistent with the values of the law enforcement profession and community expectations of peace officers, which upon approval of the Office of Administrative Law will become effective July 1, 2017.

The proposed regulatory revisions are intended to make POST Regulation 1006 consistent with current practice, clear and concise, and meet the needs of POST's clients. A review was conducted of Regulation 1006 in relation to the extension of time limit for course completion. The way the Regulation is currently written does not specifically address matters of dismissal due to sustained student misconduct allegations.

The specific benefits anticipated by the proposed changes to the regulation will bring regulations into alignment with current practices, and to allow staff to more efficiently meet the needs of POST agencies and stakeholders. Nothing in the proposed Regulation amendment will preclude students from reapplying to attend a POST course from the beginning.

There would be no effect to benefits in regard to public health and safety, worker safety, or the environment, the prevention of discrimination, and the increase in openness and transparency in business and government.
